

Dear Shooting Sports Program and Wildlife Conservation 4-H Leaders,

Thank you for all the wonderful opportunities you are providing youth through conservation education and the shooting sports back in your states. The National Wild Turkey Federation is proud to support your efforts! To date we have provided close to 2 million dollars in support of 4-H programs.

We would like to expand our support by providing all the shooting sports and wildlife conservation 4-H members in your programs with their very own FREE subscription to JAKES/Xtreme JAKES (Juniors Acquiring Knowledge Ethics and Sportsmanship) Magazine. This quarterly publication comes along with a free membership to the JAKES or Xtreme JAKES program and is loaded with entertaining and educational articles about wildlife, conservation, the shooting sports and the great outdoors. The magazine also includes information about academic scholarships and chances to win conservation contests and prizes! What a great way to supplement and enhance your 4-H shooting sports and wildlife conservation programs and curriculums while encouraging literacy and life long activities in the great outdoors.

At the NWTF, we understand that youth, especially young outdoors people, are key to the future of wildlife conservation in America. We also share your deep commitment to the development of young people in an environment that fosters safety and a land stewardship ethic. Because of this our chapters raise dollars to provide JAKES Magazines and memberships free of charge to young people in their states. Free memberships are available while funding lasts. However, JAKES memberships are always available for \$5 and special club rates can be provided for 30+ members.

If you are interested in signing your 4-H members up for these great benefits, please visit our website at <http://www.nwtf.org/jakes/educators/partners.html>. You may also direct a letter or email to [dholmes@nwtf.net](mailto:dholmes@nwtf.net) that includes your club name as well as the name, address and age of each of your 4-H members.

For more information about the NWTF visit [www.nwtf.org](http://www.nwtf.org). Thanks again for all you do for youth and conservation!
